Hi, made the call, Mayor called back in 5 minutes.

****Please forward to David Donnelly, I do not have his email. Thanks.**

1. Equity Venture Group and National Properties (a strawman for Solmar), were the legal holders of the land at the time of the violation. (LPAT document via OMB, Jan 21, 2021)
2. The Town of Erin has purchased 5 hectares for the WWTP, but title transfer has not yet been completed. Price: \$2. (per Mayor)
3. When someone complained to Mayor about the damage being done to stream, lands etc, the Mayor called Benny Marotta at Solmar to tell him to stop. Therefore, Benny Marotta still called this shot, having land cleared.
4. Mayor stuck to his "farmer" story, saying someone was leasing the lands to farm later this year, but he did not know who it was. He did not ask Benny Marotta who it was.
5. I did not inquire as to whether permits were granted by the Town for this work, as that is John's line of inquiry, so not stepping on his toes.
6. My question: does ravaging the land without the necessary permits mean the lands cannot be transferred in title until the mess is cleaned up and full remediation is complete.
7. Mayor is not attending our Community Meeting a) because of the Federal Designation request he cannot go near it, and b) because he doesn't answer to the taxpayers of Belfountain, they have their own Mayor they can talk to. (Verbatim)

So, we get back the Mayor time slot to tell the Coalition story. We can still be concerned about the damages done in what appears to be an absence of required permits, work was not registered anywhere, etc, can we not?

That's the newts, now the weather.
